As you can see, it looks like they didn't even read my letter. We are paying taxes to a Government that doesn't even take the time to read our letters to them. Either that or they are giving the green light to pre-Nuremberg horrors. Or both.

My conclusion: we need to unselect that government.

Well Boyd, looks like you had your answer.

These American Traitors have no place in my Country (and I say 'my' simply because you so obviously have no respect for it).

There are bona fide (and by that I mean REAL) refugees out there. Not American crybabies that are trying to turn this country into a hotel. Maybe that is why Krystalline Kraus is so interested in this topic...having had no real chance to get laid by any domestic male she needs to encourage others, new meat as it were...

Regardless - If your pal Stephane Dion was capable of running a government, he would have ensured that the 'Minority' government to which you repeatedly refer had fallen. Unfortunately (for you) that is not the case. Prime Minister Harper has done everything short of suckerpunching Dion in the House to facilitate an election. It is not coming.

You people are fucking knobs.

Do you think the Taliban cares about Nuremberg IV?

Answer a fucking direct question you cunt. I can guarantee, if I ever see you face to face I will make you squeal for the same authorities that you have such a (baseless) disdain for.

You are prejudiced, and you are ignorant. You are a moron. And no amount of citations are going to absolve you.

What's your point here? Other than to insult others? Any fragment of intelligent debate is completely lost by your attitude towards others. This is why no one wants to "Debate" you, even though you keep screaming that's what you're interested in. Too bad no one is interested in debating with you. And why should they be?

How are there 2 discussions? You people are smoking crack.

I just created a group called 'It looks like it is going to rain'. Many have written on the wall...some have stated that 'it doesn't look like it is going to rain'. I deleted all of those posts. The discussion is 'It looks like it is going to rain'. The wall is now fairly uniformly populated by comments such as 'It looks like it is going to rain'.

You people are fucking knobs. You can censor me as much as you like. I will keep posting, I will not be silenced. And, you will see, with the passage of time of course...that I will prevail. Well, not me per se, but one by one the Traitorcriminaldeserters will be sent back down south to face the music.

Corey Glass being one of them, or not. Depending. He has already been told that he is not even officially a deserter. SO what the fuck is he even doing in Canada in the first place? Shouldn't this group have been disbanded the instant it became common knowledge that Corey Glass was not even a real deserter? Oh, presumably that is not something that is going to be discussed on this group.

I think I will set up a group entitled 'If I ever see Corey Glass walking around Parkdale I am going to...' uhhhhhh...oh wait I shouldn't finish that sentence because Boyd will only take it out of context and forward the comment to the 'Resisters' lawyers....!

You people are knobs.

Further to last, since Boyd hasn't likely read my earlier posts...no Lawyer in the Universe is going to take anything that anyone says on facebook and use it as evidence of culpability in any way, shape or form.

Ugh. You people are nowhere near as bright as you think.

Oh and by the way Boyd...if I ever see you anywhere in Toronto I will kick the shit out of you. There you go. Go ahead...take that out of context if you must (and you likely will because that is simply your methodology), but see where it gets you. Just see. I can say anything I want to on here, as long as it is predicated properly, and avoids some of the more obvious subjects...I can type what I like. I can also (as in this case) copy and save the entire body of this message to cover my ass, should you in fact choose to make an issue out of it. Which you may or may not. I would advise you not to bother.

Anyway, where was I? Oh right! 'Controversy-solving Clarity'. That's a real doozy. I hope that you didn't lose too much sleep coming up with that snippet. Maybe you were so deprived of sleep when you wrote that that you weren't able to realise how internally inconsistent/doublespeak-esque it is?

There is no controversy. What there is a heavy amount of censorship on the part of you and your fellow travellers.

I have my own group (Deport US War Resisters). It doesn't have as many members as this thing does, however, no commentary is censored, and ultimately, it seems that my group is winning....after all, the 'War Resisters' are starting to be deported are they not?

hahaha. You are a dicksmack Boyd. And yes, I am being a pissant nuisance by referring to you thusly, but that is simply because you refuse to actually explain yourself, express yourself...think for yourself. *stretcher*

Boyd,

Your last post made no sense. You are not interested in debate. You are interested in censoring people that disagree with you, only of course, after you have also taken one of their comments out of context (exceedingly so).

You are a jackass. You proffer 'compartmentalisation' as a thinly veiled excuse for censorship. 'Golly, theyse do it on wikipedia...'

You would prefer if the wall for the group 'Save Corey.....etc' was populated by nothing more than 'I love Corey, I want him to stay!', 'No I Love Corey, I want him to stay!', 'NO!!! I REAALLLLLLY LOVE COREY! Let's have a debate!!!', 'WELL I LULLLOOOOOWVEEEE COREY!!!!!!!!!!!!!! MORE THAN ANYONE ELSE DOES!!!!!!!!!!!!!!!!!!!!!!' ???

You are a dickhead. And a scumbag, and....well letsee here....given that your infrequent forays into the realm of self expression (by that I mean the times that you have written more than 3 sentences without quoting something, or citing something, or posting something) have been routinely clogged by either typos or grammatical errors, or have simply just been completely logical and/or senseless...it is not surprising that you want to stifle debate (yet at the same time, claim to cling to it).

Don't you realise how inconsistant you are being? FUCK. You are a retard.

And, by the way Boyd...the 'Jack Tripper' haircut is about 25 years out of date.

I guess a better way to explain the idea of having a separate page for the topic of "Should we keep Corey in Canada?" is this:

In a way, it is mixing apples with oranges to mix the two topics of "Save U.S. Soldier Corey Glass - Keep Him in Canada." with the topic of title is not "Should we keep Corey in Canada?"

By way of analogy, it would be like someone starting a page on "Save the Whales" and then have most of the comments address the completely separate question of "Should we save the Whales?"

I admit that recently I myself started to debate the question: "Should we save Corey?" on the main "Wall" of this page.

In retrospect, I think I made a mistake because the name of this site is not "Should we save Corey?" Instead, the name is "Save Corey."

Despite the fact that there is now an increased amount of scrolling to do to get past posts of people who say things like "Informed debate is for chumps,"

...please remember ...

...staying "friends" of this site is still useful

—even if it is for the sole purpose of informative emails from administrators (as the news comes up).

Also the War Resisters Support Campaign has set up a helpful mailing list for news and actions. See this link:

It is extremely likely that the administrators for this particular site have been doing past administrative work on a volunteer basis. People's lives get busier at certain times. It is extremely likely that their time is now limited to the point of only having time to send out important emails only when needed for the issue's sake.

Hey Raphaella,

I am the Administrator of 2 different groups. It's not that hard. And on either of my groups, people are free to say what they like, whether fuckwads like Boyd are happy with it or not...this is of course (or last time I checked anyway....) a democracy!

Watch yourself Raphaella...you may be censored more quickly than you think! hahahahahahaha. If one of you people even had the decency to answer a few simple questions without being 'Boyd-like', things would run more smoothly.

As it stands, you and your fellow travellers are losing ground. Every day...every day you are losing ground. Your heroes will soon all be sent back to America to face the music for being traitors, and deserters.
